IFATCA 2024**Scroll of Honour Duncan Auld**

Presented by Thomas McRobert President Civil Air, Australia

SUMMARY

In honour of his dedication and service to the federation

1. INTRODUCTION

- 1.1. By now everyone knows Duncan Auld and as he is handing over the reins to a new PCX we thought it was a good time to recognise his contributions to the Federation.

2. DISCUSSION

- 2.1. Duncan started his IFATCA journey more than 10 years ago when he became the ICAO OPS DATALINK representative. As a controller in oceanic control, he had a lot of experience with the developing technology.
- 2.2. In 2013 at annual conference in Bali Indonesia he was then elected to the board as the Executive Vice-president Technical.
- 2.3. In 2017 he was elected to the position of Deputy President.
- 2.4. In 2019 he started as PCX and has served in that role until now where he will finish his time with the board.
- 2.5. Duncan has also been on a representative at various panels at ICAO whilst serving on the board including many years on the ATMOPS panel.

3. CONCLUSION

- 3.1. As we have heard many times from Dunc, he has always wanted to make IFATCA more inclusive and more global giving a bigger voice to controllers around the world. He has done an amazing job in starting that journey for us and our profession. Dunc has been a champion for increasing the regional engagement which has made our federation stronger, he leaves us in a great position to continue on with the important work we do. Thank you, Duncan.

4. RECOMMENDATIONS

- 4.1. The directors award Mr. Duncan Auld with the Scroll of Honour.
