

Agenda Item: A.15.2

INFORMATION PAPER

WP No: 56
IFATCA'24**Review of the role of Technical and Professional Secretary**

Presented by the EB

SUMMARY

This paper informs the directors of the intention of the Executive Board to review the role and provisions regarding the Technical and Professional Secretary (TPSec) in conjunction with the 2030+ Task Force.

1. INTRODUCTION

- 1.1. Earlier this year, the role of TPSec was discontinued. The changes in the internal organisational structure of IFATCA have made it necessary to review the tasks and responsibilities of the TPSec. Pending this review, the position of TPSec will remain vacant.

2. DISCUSSION

- 2.1. The rationale for the review of the role of TPSec is explored more thoroughly in the Working Paper by the 2030+ Task Force titled "Defining and Integrating Regional Committees".
- 2.2. The Executive Board extends its thanks to Mr. Joy Bhattacharya and his MA, the Air Traffic Controllers' Guild of India for his many years of service as TPSec. Joy was asked to join the communications team when the EB decided to discontinue the present role of TPSec and he graciously accepted.

3. CONCLUSION

- 3.1. The role of TPSec is under review and shall remain vacant pending that review.

4. RECOMMENDATIONS

- 4.1. It is recommended that this paper be accepted as information material.
